RHEUMATIC CURE.

HISTORY. This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspiam Cordatum Originis, Lat.—Indigenous to Oregon. Grows most abundantly and per-fectly in Washington Co.

fectly in Washington Co. PROPERTIES, Etc.

It contains an ACTIVE VOLATILE Princile, extracted by Ether, and a bitter TONIO Principle, soluble in Alcohol, Medical Properties and Uses.

It is the most sure and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that was ever introduced in the Materia Medica. THE UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a POWERFUL TONIC,

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the

same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system. There are a few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be ahandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these Medicines, already

bough producing as powerful and as active effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and recuperating element which dmits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two Necessary Elements in one remedy, which accounts for its Superior and never-failing curative effects in

Bast Coast Steamer. According to the Act of Union, the Steamer Sir James Douglas has become the property of the Federal Government. what moment she may be withdrawn Co. (Limited from the present service in which she is begaged. It is not at all likely, however, that the Dominion Government would take her off the route and put the sonst settlements to inconvenience, withoet being able to offer the best of reaquite unexpectably, making it advisable to order the Douglas to engage in some other branch of the Federal service. In such a case with no roads, and no stage line .- and no mails, the northern settle: ments would be reduced to the primitive Indians ever since Noah's nautical expedition, -or have to rely on the spasmodic movements of coast steamers or modic movements of coast steamers of weiling vessels. It is apparent then to any one that an amount of uncertanty exists about steam conveyance on the East Coast that ought speedily to be removed; in fact that no uncertainty whatever should exist as to a steamer of suitable accommodation for the trade being kept on the coast. Now in this con clusion every one will agree; and hence it only remains to point out how it can best be done. In offering one suggestion to attain the latter object, we would state that the Dominion Government is bound to deliver the mails regubeing the case, we suggest that the proper course under the circumstances is for the Federal Government to call for tenders for carrying a weekly mail to Comox, and twice a week between Nanaimo and way ports and Victoria; and that the mail should be carried in a suitable steamer—in a sea—worthy best—one that mill affect. worthy boat-one that will afford com-

F. PICKETT & CO., advantage of being cheaper than that supplied by the Sir James Douglas. It has been rumored far and wide that the Douglas has been "paying first rate"

ST. VALENTINE'S BALL.

WILL BE GIVEN BY THE round for such an assertion is the fact, that the receipts of that vessel were a few dollars more in 1871 than her actual expenditure. But the gain is only apparent; not real. Five hundred or two thousand dollars in one year will not compensate the Federal Government for the loss that it may next year incur on repairs of the Douglas, on hull, boilers, engines, or rigging. Neither is it at all certain, that she could be run at less expense than she is now, Be that as it may, yet there is not a shadow of doubt, but a suitable vessel could be run at less cost annually by private enterprise than that now incurred by the Dominion. If a subsidy were granted to e private party, there would be the end it. The Government would not have to go to the expense every now and again for costly boilers or repairs, but on the centrary, when the money was voted for the East Coast mail, there the expense wou d end. The only thing after-wards required would be to see that contractors tulfilled the conditions of their contracts. By this course, too, there would be room for private enterprise. Now there is none. Competition would produce superior boats with superior passenger and freight accommodation, and a steamer like the Douglas would only get a passenger by accident. The advanced condition of the East Coast settlements demands a better means of conveyance than now exists, and hence it is the duty of the Federal Government to shape its policy so as not merely to carry the mails cheaper than they are

CONFECTIONER & FRUITERER,

Come, ye citizens and strangers—Miners, sailors, and western rangers—Listen to the truthful story of FRANK CAMPBELL, of Victoria. He, in truthful words, will tell you!

Just the goods he has to sell you;

Mind ye, now, he isn't loking
If you are found of Chewing and Smoking,
Or if you are given to suuffing.
What he keeps does not need puffing.
He has brands will suit you leally;
Tobacco users prize them dearly;
Tobacco users prize them dearly;
From all parts of the "Old Dominion."
He has stock, and his opinion
Is, that none can suit you better,
They will please you to the lofter.
His cigars, just from "Havana,"
Smoke in the most beautious manner;
Meerchaum pipes of style and fushion,
Just to suit each taste and passion;
And it is in Canada stated,
His tobaccoes are celebrated:
Green Seal, Straight Cut, what they call "go,"
Big Cut, Big Lick, Wine Sap, also;
All the fine cut brands for chewing,
That your teeth will never ruin.
Pipes to suit the inveterate smoker,
Cards for playing "sinch or poker;"
Pipes of brier and stems of cherry,
More than any man can carry.
It would take a week to tell you,
All the things he has to sell you.
While in town you may be stopping,
At the "Adelphi, Corner, drop in.
Campbell you'll find at that location,
Ready to give you information;
Or to see you well provided
With what is by all decided.

OLD SORBS AND OLD SKIN DISEASES. The seeds of these disorders are effectually expelled by this penetrating Unguent, not only from the superficial parts, but from the internal tissues likewise. Any case, even if of 20 years standing, speedily yields to its SRONCHITIS, DIPTHERIA, SORE THROAT, ASTHMA

Rheumatism, and erysipelas may be over come by frequently fomenting the affected parts in warm water, drying, and immediately applying this soothing Ointment. The same procedure applies equally well for curing sore throat, diptheria, bronchitis, asthma, tightness of the chest, and pain in the side, which instant treatment alone prevents degenera-ting into more serious maladies. The Oint-ment has the same derivative powers over ment has the same deliter possesses chest complaints as a blister possesses without causing pain or debility.

HEMORRHOIDS-PILES, AND ABSCESSES. Thousands suffer severely for years from these annoying complaints through false delicacy. Let such purchase a pot of Holloway's Ointment, read the directions which accompany it, act upon them to the letter, and they will, without difficulty, succeeding politications. succeed in obliterating every vestige of these harrassing ailments.

ACCIDENTAL INJURIES, INFANTILE AILMENTS. In cuts, bruises, sprains, barns, and scalds. it will be found cooling, sedative, and heal-ing. The part affected should be fomented in warm water, dried gently, and the Ointment should be instantly applied. This purifying Ointment may be safely used in all eruptions, chafings, and other cutaneous affections to which children are liable.

BAD LEGS, BAD BREASTS, OLD SORES AND ULCERS By rubbing the Ointment round the affected parts, it penetrates to the tissues beneath and exercises a wonderful power on all the blood flowing to, and returning from, the diseased part. The inflammation diminishes, the pain becomes less intolerable, the matter thicker, and a cure is soon affected. In all long standing cases, Hollaway's Pills will thoroughly expel all depraved humors from the body.

GLANDULAR SWELLINGS. STIFF JOINTS. This class of complaints yield without difficulty to the cooling and anti-inflamma-tory properties of this famed Ointment. It should be well rubbed over the affected parts, after due fomentation with warm water. It acts by stimulating the absorbents to increased activity, restraining ulceration, and promoting a free and copious circulation in the parts affected, and hence speedily and effectually ensuring a cure.

GOUT, RHEUMATISM AND PARALYSIS. Gout and Rheumatism arise from inflammation in the parts affected,—to effect a permanent cure, adopt a cooling diet, drink plenty of water, take six of these famous Pills night and morning, and rub the Ointment most flectually twice a day into the suffering parts, and a cure is certain. The paralytic patient should take about three Pills twice a week and let the Oistment be well rubbed into the paralyzed limb, which will, in a very little time, be greatly benefitted,—indeed many cures have been affected by this treatment.

In this class of complaints, no matter the age, the sex, or the place, or under what me, the disease may be classified, it may be cured if this Ointment be well rubbed into the system, and Holloway's Pills taken night and morning to purify the blood.

Both the Ointment and Pills should be used the following cases :-

DR. CHING FUN-A CARD-EDITOR As CHING FUN-A CARD-EDITOR

STANDARD:—Through the medium of your
paper I want to state the very great good that has been
done me by Dr. Ching Fun of this city, nxet door Kwong
Lee & Co. For 24 years I suffered with neuralgia on
the brain, which baffled the skull of three first-class
American physicians. Latterly bronchitis attacked my
right lung, and my ey c became awfully inflamed. Des
pairing of ever bingr ued I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months
treatment I am a well man and feel that I cannot sound
the eminent Chinese gentleman's praises too loudly, o
that all my countrymen similarly affected may visit
and find relief, Respectfully,
JOHN HENTON, of Kentucky, U. S.
